

Comenius Art-Day Thursday 29 January 2015

In Belgium we had the Art-Day on our National Poetry Day. So we decided to link the two subjects together.

The theme of our National Poetry Day was "LOVE"! So we used art and the technique from Nikki de St Phalle and Claude Viallat to create artworks linked to poetry.

3 and 4 years old had a poem about a kiss and they used the technique from Claude Viallat. They made heart shaped stamps to make a print for a heart shaped cosy pillow!

5 and 6 years old used the painting "the kiss" from Gustave Klimt. They are preparing a wedding party and they used the technique from Claude Viallat to create the wedding dress and the table cloth.

7, 8 and 9 years old we're inspired by Keith Haring and they used the technique from Nikki de St Phalle. But the result is not a nana but a big heart with arms and legs! They also made little hearts using potatoe stamps. These will be put on a "love" wall!

The oldest children had a lot of workshops where they wrote poems, made little nanas of clay, These will be put in frames with the poems they wrote!

You see ... we had another wonderful Comenius Talent Day!
